### Incident

**Date and time of incident:** April 1<sup>st</sup> 8:14pm 2016

**Name/s of person/s involved in the incident:**

Adrian Acker

**Description of incident (Please also include any background information):**

Adrian was quiet, but not in a troubling way. I first met him when he was moving in. I remember introducing myself to his father. "Make sure Adrian doesn't get into any trouble", his father told me. Chuckling I agreed to his request. Staying true to my promise wasn't an issue. Adrian was polite and made small talk with mostly everyone in the house. He seemed to avoid confrontation and would excuse himself to his room before anyone could ask him too many questions. He was by no means a ghost but his occasional appearances seemed forced. Adrian became pretty good friends with Petr one of his floormates in first semester. I remember often seeing them practicing some sort of card counting method in the floor lounge. I didn't see Petr after Christmas break, I asked Adrian and he said he unexpectedly moved back to Prague. Adrian seems to be more reclusive this semester but still nothing that seemed worrying.

Calvin, who lives to the right of Adrian once complained that he could supposedly hear Adrian arguing with someone late one night. But he didn't mention it again so I never made an issue of it. I think Raj another floormate mentioned that Adrian was in some sort of long distance relationship but I'm not too sure.

Two night ago I was sitting at my desk when I heard Dana frantically knocking and yelling my name. She was frantic and concerned, her sentences fragmented her voice was shaking. We walked over to room 201, after knocking and yelling for Adrian I opened his room with the master key. He was lying on his bed; in one hand a crumbled post it note and the other an empty pillbox. After many failed attempts at waking him up an ambulance was called to take Adrian to the hospital.

**Follow Up Action**

<b>Description of actions taken/ to be taken:</b> I spoke with Adrian's father. An ambulance was called and Adrian was taken to the hospital. The police were called and they asked myself alongside some of the other residents about Adrian. They said they'd be coming back in the next few days to have me sign some paperwork. I've arranged for Adrian's room to be cleaned and his belongings will be packed and sent to his father. We've reached out to Adrian's friends and offered them on campus counseling.
